**CONDITIONS OF SALE.**

**Please read Sale Terms Before Bidding.**

This is a bona-fide public sale, for prompt cash settlement, and irresponsible persons who are not sure whether they can pay for what they bid on, are asked not to bid. The cataloguer has taken special pains to describe each lot accurately. Errors will be corrected, but he reserves the sole right to decide upon any claims. No corrections or refunds will be made, and no lots can be returned, unless the bidder submits his case in writing **within 30 days of the date of the sale.**

Coins and medals are sold at so much per **PIECE**, and no lot will be separated. You cannot buy a few pieces out of a lot but must buy all of it. The auctioneer will accept no bid under 10 cents to start a lot where that lot contains only one piece; nor will he accept any advance under 5c on any lot containing but one piece; after the price has reached \$2. no advance under 10c will be accepted on any lot containing one piece; after \$5.00 the bid must advance 25c each time; after \$10 no bid under 50c.

Our rules regarding lots containing more than one piece will remain unchanged and the same as before.

Auction sales are strictly for cash. Parties unknown to me and bidding for the first time, must give bank or other reliable reference, or their bids will not be executed.

Forward your bids as early as possible, as thousands of bids have to be entered. Do not make ridiculously low bids, such as 10c. and 15c. on foreign silver coins worth several times over as bullion. Write your bids plainly, with a pen if practicable.

Where the number of pieces in a lot is not given after the description there is but one piece in the lot.

Be sure you bid on the lot you wish to buy. We cannot correct such errors.

All coins, etc., are genuine unless otherwise described.

A charge of 5% will be made to cover packing but where the parcel is bulky an additional packing charge will be made. No charge made for bidding except for lots actually purchased. Remit by money order or New York draft.

If any further information is required as to valuation of lots, or how to bid, please write the cataloguer, **THOMAS L. ELDER.**

**Important Notice.** We keep two books of the sale recording each lot as sold, and we will not accept any sale records from outsiders. **Our records are final.**

## SPECIAL NOTICE.

We extend greetings to our customers, offering them a very fine two session sale of the Bouvier Collection of Rare Coins, Medals, Tokens, Paper Money, Curios, Gems etc. The sale dates are Friday and Saturday, September 14th and 15th next. This sale inaugurates our 1934-35 season, our thirtieth in the city of New York. We are now among the oldest cataloguers holding sales in the country today. We have back of us nearly three hundred sales.

Kindly read over our sale terms. Any claims or complaints as to lots have to be made and adjusted within thirty days of the sale for the reason that we settle promptly with owners. We do not have many complaints, on the other hand we receive complimentary letters from satisfied customers after each sale. There are however always several people at each sale who fail to comply with our sale terms, or else do not read the sale terms. Usually these kickers are irresponsible people who never had any idea of complying with any printed terms but insist on making their own terms for coin sales. We recently had a local collector unfair enough to expect us to take back a coin he did not like after two years. We care not what guarantees we print, the matter has to be adjusted within the prescribed time to be effective. It is unfair for any collector to expect us to disgorge to him money paid out years ago to the owner of a lot in these sales, and we refuse to do so.

We have others also who insist on bidding by the lot instead of by the piece such as Mr. Stangert of Philadelphia. We have had a few poor pays, and others in our list who have proved themselves bad actors. Mr. McKinnie is an example of failure to abide by any printed terms. He owes us money right now from our June sale and doesn't even reply to our letters. There are ways of dealing with all such which we propose to attend to.

The average collector gives us no trouble whatsoever and we are pleased to deal with him. Kindly go carefully over this sale and mark in some bids, using care to bid on the right lot, as we cannot be responsible for such errors. Attend the sale in person if it is possible to do so. Read over the list of features in this fine sale; it will repay you to go over this catalog. Please let us know if you are no longer collecting so that we may not waste our catalogues, which cost now more than ever before to print. **Write Mr. Elder for an estimate on any lot in the sale.** A cash deposit of 25 % ensures a stranger his bids will be executed. You pay for only what is bought.

Trusting to have a nice business with collectors, we are
